

Junior Game Improvement Clinics 2016

Spring Junior Clinic

A 4 week series that introduces the fundamentals to our Junior golfers and expands on those basics to all LLB and area juniors. Starting with each class, we will emphasize the basics and begin to expand our knowledge and enjoyment for the game of golf. Each Clinic will include 1 hour of instruction, followed by reserved tee-times for juniors following the clinic. We at lac La Biche Golf Club encourage and understand the need for junior golf as a future of the game of golf in our community.
